## Client Testimonials

*"Indeed, we consider the entire team at Scott Land's professionalism, attention to detail, knowledge of regulatory requirements, solid relationships with various First Nations and sound reporting practices to be one of the strongest in the industry."*

— Coordinator Surface Land, Major North American Midstream Company

*"Scott Land has consistently helped us get the best value for our leasing dollar. Not only is the service excellent but the knowledge and expertise they provide is top notch. They have gained our trust based on their performance and I would highly recommend them to others in our industry."*

— Senior Landman, Major Oil & Gas Producer

*"As a small Land Department within a small company, partnering with the right brokerage is critical to success. Choosing the Scott Land Freehold Mineral Leasing team allowed me to go head-to-head with my competitors and come out on the winning end. Together, we leveraged years of experience to secure high-quality acreage in an incredibly short period of time. By far the most superior brokerage I've used before – attention to detail and the level of service was second to none."*

— VP Land, Junior Oil Company

*"Clients are looking for efficiencies, great service and value in this tough market. We set ourselves apart from our competition by virtue of our solid experience, proximity to your project areas, relationships with key stakeholders and reliability. These factors reduce your costs while providing peace of mind."*
