Experience

Scott Land & Lease Ltd. has worked with many renewable energy clients, ranging in size from small independent developers to large multinational corporations. With a dedicated team devoted to a variety of projects across Canada, Scott Land is the most knowledgeable and active land company in the renewables industry. We have worked on some of the largest and most technical renewable projects in Canada - you can depend on Scott Land to add value to your next project.

Client Testimonials

"Joss Wind has worked with Scott Land on a number of different wind farms over the past several years. We have found their staff to be knowledgeable, practical and very good to work with."

— Bryan Clake, President, Joss Wind Power Inc.

"Scott Land & Lease has been of great help to the Blackspring Ridge Wind Farm. Their team has been a great contributor to maintain the successful relationship with landowners and has reliably provided support on various subjects. We look forward to further great collaborations."

— Ali AL-SHAABI, ing., M.B.A., EDF EN Canada Inc.

"We have had the pleasure of working with Scott Land developing our wind projects for over 10 years. Their consistent customer support has been paramount in the success that we have experienced in our industry. Our business is always changing and Scott Land has adapted with us and supported us every step of the way."

— Dan Tocher, VP Stakeholder Relations, Greengate Power Corporation

"It's been great working with Scott Land. They met and exceeded our land agent expectations, and continue to add value to our business."

— Jeff Thachuk, CEO, Solar Krafte Utilities Inc.
