

OUTSOURCED: THIRD-PARTY CROSSINGS

Outsource time-consuming third-party requests to the experts at Scott Land

We provide a service that handles third-party requests to reduce costs and improve efficiency. Whether its receiving third-party requests on your behalf or acquiring third-party consents for your projects, Scott Land should be your first call. We are dedicated to providing external resources at a cost that complies with your current budgetary restraints. We employ at-the-ready, talented experts who are prepared to take on that excess work without skipping a beat.

Cost Effective

Scott Land provides you with the experienced land administrators you need in an environment where **you only pay for the work that is needed!**

Do More With Less

In today's low commodity price environment, companies are looking for new ways to save money. Make this the year your company chooses to outsource your third-party requests to Scott Land. External resources can be the answer to increase productivity and reduce costs.

Receiving Third-Party Requests On Your Behalf

Scott Land has a capable in-house team of crossing administrators who are dedicated full-time to processing crossing requests in a speedy and accurate manner. By allowing Scott Land to assist you with this, it frees up your internal resources for other project-related work!

Requesting Third-Party Crossing Agreements For Your Projects

Your projects can not afford to be delayed due to lack of appropriate crossing and proximity agreements. At Scott Land, we have connections with nearly every land department in the industry to ensure requests are approved in an expedited fashion. Leverage our experienced team and find out how we can make a difference for you.

Call us today at 403 261 1000 to learn more about our third-party crossings!
